Court Matters.
Court adjourned on Tuesday, until June 23d. A special Grand Jury was empaneled who found a new bill against La Touche, for forgery, and his trial will come off in June.

The slander suit of Hilliard vs. Pennington, in which \$5000 damages were claimed, terminated on Tuesday, after a four-day trial, in a verdict of \$300 for the plaintiff. The defendant's case was a second trial. The counsel for plaintiff were Chas. H. Collins and Henry Rhodes. For the defendant, Messrs. B. B. and G. P. Gardner.

No other case of public interest was tried during the past week.

Where to buy.
The regular Stock Sale last Saturday was not so largely attended as the previous sale, but the horses were generally of a better grade, and there being more buyers and a brisk competition, nearly all were sold at good prices.

The Gas Question Again—Errors Corrected.
Ed. News.—Dear Sir: In an article written by me last week for your columns, upon the subject of Gas, I inadvertently committed an error or two in my figures, for which I beg leave to apologize. The calculations were made while the compilers were waiting for copy, and like most things which are done hurriedly are inaccurate. Upon the hypothesis which I assumed, the tax necessary upon the Real Estate to pay interest upon the bonds issued would be about 1/4 (one-fourth) of a cent upon the dollar, instead of 1/40 (one-fortieth) as stated. Also, the tax necessary for redemption of such bonds, upon the present basis of value, would be somewhat more than 3 cents upon the dollar.

Centaur Liniment.
There is no pain which the Centaur Liniment will not relieve, no swelling it will not subside, and no sore it will not cure. This is strong language, but it is true. Where the parts are gone, its effects are marvellous. It has produced cures of rheumatism, neuralgia, sciatica, lumbago, sprains, swellings, colds, sore throats, hemorrhoids, piles, etc., upon the human frame, and of scalds, sunburn, etc., upon animals in one year than have all other remedies since the world began. It is a counter-irritant, an all-healing pain reliever. Cures throaty swellings, colds, lumbago, sciatica, etc., upon the human frame, and of scalds, sunburn, etc., upon animals in one year than have all other remedies since the world began.

What Will Gas Works Cost?
Another and Lower Estimate.
Mr. Editor.—Sir: In looking over the News of last week, I saw a long article on Gas Works. Among your readers and patrons I know one who has had some experience in erecting Gas Works, and who is willing to erect works in Hillsboro at the following cost:
750 rods of 3 inch Main Pipe, \$7,800.
One Gasometer, 100 ft. dia., 10 ft. high, 2,870.
One Bench, with 6 Retorts, 2,880.
One Refrigerator and connections, 1,480.
Labor, 3,465.
One Gas House and Office (brick), 1,850.
One Furnace Pump, 160.
One Gas-Fit Shop, 150.
One Furnace for Gas, 100.
One Tank for Gas, 30.
One Pump for same, 8.
Total cost, \$20,738.
N. B. If the castings can be got in Hillsboro, the freight will be saved, amounting to ten cents on main pipe, and if cast in place, the cost can be reduced still more.
All of which is respectfully submitted by
ONE OF THE MACH.

Late Plowing—Fatal Accident—Retired at Barrett's School House, etc. etc.
We are still having plenty of rain, in consequence of which farmers are going to the plowing with great reluctance. Discouraging as it is, we are taking it very patiently, and constantly reminding ourselves that "all for the best," we keep plowing along, looking forward to better days, that are no doubt in store for us. Some of the farmers of this neighborhood are now plowing, but the ground is still very hard.
A fatal accident happened to Mr. Kelly, living about three miles south of this village, a few days ago. While plowing he was kicked by a cow, causing his death in a short time afterwards. The deceased was a married man.
The Friends here were holding a protracted meeting at Barrett's School House. They received 200 members for their own church, and four for the Methodist. The meetings were conducted by Joseph Hunt, a cripple, who has his whole heart in the work, and is very successful in leading sinners to Christ.
Yours, ROLL.

Late Plowing—Fatal Accident—Retired at Barrett's School House, etc. etc.
We are still having plenty of rain, in consequence of which farmers are going to the plowing with great reluctance. Discouraging as it is, we are taking it very patiently, and constantly reminding ourselves that "all for the best," we keep plowing along, looking forward to better days, that are no doubt in store for us. Some of the farmers of this neighborhood are now plowing, but the ground is still very hard.
A fatal accident happened to Mr. Kelly, living about three miles south of this village, a few days ago. While plowing he was kicked by a cow, causing his death in a short time afterwards. The deceased was a married man.
The Friends here were holding a protracted meeting at Barrett's School House. They received 200 members for their own church, and four for the Methodist. The meetings were conducted by Joseph Hunt, a cripple, who has his whole heart in the work, and is very successful in leading sinners to Christ.
Yours, ROLL.

Important to Advertisers.
Advertisers will do well to remember that the circulation of the News is NEARLY DOUBLE that of any other paper in our county—a fact which we can verify by our books, if disputed.
They will also please bear in mind, that our paper is sent by mail to none but those who pay for it in advance—thus proving that its readers are of the class that advertisers desire to reach.
G. Advertising rates LOWER (in proportion to circulation) than any other paper in the county.

What Will Gas Works Cost?
Another and Lower Estimate.
Mr. Editor.—Sir: In looking over the News of last week, I saw a long article on Gas Works. Among your readers and patrons I know one who has had some experience in erecting Gas Works, and who is willing to erect works in Hillsboro at the following cost:
750 rods of 3 inch Main Pipe, \$7,800.
One Gasometer, 100 ft. dia., 10 ft. high, 2,870.
One Bench, with 6 Retorts, 2,880.
One Refrigerator and connections, 1,480.
Labor, 3,465.
One Gas House and Office (brick), 1,850.
One Furnace Pump, 160.
One Gas-Fit Shop, 150.
One Furnace for Gas, 100.
One Tank for Gas, 30.
One Pump for same, 8.
Total cost, \$20,738.
N. B. If the castings can be got in Hillsboro, the freight will be saved, amounting to ten cents on main pipe, and if cast in place, the cost can be reduced still more.
